

NO to a return to the Seasonal Workers' Statute!

NO to turning away from Europe!

NO to the Abolition of Salary Protection and the Free Movement of Persons with the EU!

Vote on 27 September 2020

“By attacking the freedom of movement, this initiative brings the rights of all workers into question, in particular salary protection and decent working conditions. For this reason, say NO to the SVP/UDC initiative!”

Nick Bramley, trade unionist, Basel

“I say NO to the dangerous ‘Immigration-Cap Initiative’. It makes false promises and doesn’t solve any problems. The prosperity of both Switzerland and Europe depend on the ability of workers to move and reside freely.”

Yvonne Apiyo Brändle-Amolo,
Member of the town council of Schlieren, President SP MigrantInnen Zürich

“The freedom of movement is an important right for all of us. It is indispensable for education, research, and a strong working relationship with Europe. These things should not be taken away! It’s for this reason I’m voting NO on September 27th!”

Bret Simner, International School Teacher, Basel

NO to the dangerous “Immigration-Cap Initiative”, because:

FREEDOM OF MOVEMENT AND THE ACCOMPANYING MEASURES GO HAND IN HAND. Whoever attacks the freedom of movement also attacks salary protection and the protection of decent working conditions.

THE INITIATIVE ATTACKS THE FREEDOM TO ACCEPT WORK ANYWHERE IN EUROPE and will lead to the annulation of important agreements between Switzerland and the EU.

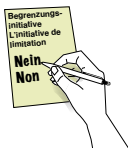

THE INITIATIVE DOES NOT SOLVE ANY PROBLEMS. In fact, it would lead to a regression to the inhuman Seasonal Worker’s Statute that didn’t allow workers from abroad to bring their families with them.

How do I vote by post?

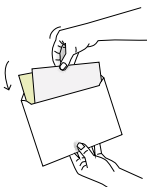

ENGLISH

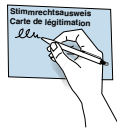

Original voting envelope open here

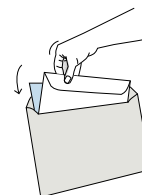

Fill out the voting paper

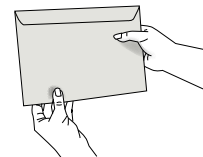

Put the voting paper in the anonymous envelope and seal it

Sign your voting identity card (not in all cantons)

Put the small voting envelope and the voting identity card in the original voting envelope. The return address must be visible through the window

Post the envelope to the local town hall by 21 September 2020 or deposit it personally in the mailbox of the local town hall by the 25th of September

YOUR VOTE IS IMPORTANT! IMMIGRANTS COULD HAVE A HUGE INFLUENCE IF THEY VOTE!

In recent years, Switzerland has naturalized over one million citizens. More than 970,000 Swiss citizens over the age of 15 are dual citizens. If all of these people come out and vote, we can achieve a new majority. A NO to the SVP’s “Immigration-Cap Initiative” is possible, but only if you send your vote by post or bring it in person!
